WELCOME

Studying abroad offers a wonderful opportunity for you to become a global citizen while gaining an intimate knowledge of a country, its culture, and people that you

cannot gain online or through books.

The University of Tasmania provides a unique and fascinating study destination. In addition to a world-class education and vibrant student lifestyle, we are also fortunate to be located in one of the world's truly spectacular natural environments. Many courses give you the opportunity to take your studies beyond the traditional classroom and into Tasmania's great outdoors – on field trips, through work placements, and through our sustainability program. All these opportunities will provide you with real-world experiences and the chance to engage with the friendly local community – and an unforgettable Australian experience.

We look forward to welcoming you into our vibrant Tasmanian student community very soon.

Professor Rufus Black
Vice-Chancellor

TASMANIA: THE PERFECT DESTINATION

Tasmania is Australia's only island state and its most southern island state. It is famous for its pure air, clear skies, and stunning natural beauty.

Our State has many species found nowhere else on Earth and more than 40 per cent of the State is protected in national parks and reserves, including World Heritage-listed wilderness.

Tasmania is roughly the size of Ireland or Sri Lanka, with a population of just over half a million people. It is separated from mainland Australia by the Bass Strait and is only a one-hour flight from Melbourne.

You will love living and learning in our beautiful State.

WHAT DO WE MEAN BY STUDY ABROAD AND EXCHANGE?

Study abroad program

You can apply to be a study abroad student if your home university does not have an exchange agreement with the University of Tasmania, or your home university is one of our student exchange partners but you have not secured an exchange place. For more information, contact the Student Mobility Office: student.mobility@utas.edu.au

Student exchange program

You can apply to be an exchange student if you are enrolled at one of the University of Tasmania's international exchange partners and you are nominated by your home university. For more information, visit: utas.edu.au/global-engagement/student-mobility/outbound/exchange-partner-institutions

A circular inset image showing a person in a red shirt and blue shorts surfing on a wave. The sun is visible in the sky, creating a bright, sunny atmosphere.

"I chose to study at the University of Tasmania not only to improve my English, but because I was curious about this beautiful little island on the other side of the world.

What I will remember most about my semester is travelling, road trips, and camping in the moonlight. Tasmania offers a multitude of different landscapes, all more beautiful than the next."

Maxime Maida, France

FAST FACT

Hobart is an acknowledged Antarctic gateway and Tasmania has one of the world's highest concentrations of marine and Antarctic science and research organisations. Our multimillion-dollar, state-of-the-art Institute for Marine and Antarctic Studies (IMAS) building on Hobart's waterfront brings together Tasmania's considerable strengths in marine and Antarctic science in one teaching and research facility.

FAST FACT

Tasmania has Australia's oldest brewery, the Cascade Brewery in Hobart, which was established in 1824.

Hobart is Tasmania's capital city and the home of our largest campus. Our Sandy Bay campus has impressive views of the iconic kunanyi/ Mount Wellington on one side and the magnificent Derwent River on the other. It is set on 100 hectares on the banks of the Derwent, about five minutes from the city centre. Flanked by bushland, students are often treated to the sight of native possums and wallabies in the early mornings and evenings.

In the Hobart CBD area, you will find our Conservatorium of Music, the School of Creative Arts, the Media School, Institute for Marine and Antarctic Studies, and College of Health and Medicine.

Hobart has an exciting range of cultural, outdoor, and entertainment experiences, including fantastic cafes and restaurants, vibrant festivals and open-air markets, and world-class museums and galleries. Hobart is also close to some of the most beautiful national parks and pristine wilderness found anywhere in the world.

Launceston, Tasmania's second largest city, is nestled amongst rolling hills near the Tamar River. The city is accessible, friendly, and close to a range of fantastic outdoor and wilderness experiences. Our Newnham campus is situated on 50 hectares on the banks of the Tamar, only 10 minutes from the city centre. This is also where the Australian

Maritime College, the Human Interface Technology Laboratory, and the sport and recreation centre are located.

Our School of Creative Arts and Media and our award-winning School of Architecture and Design are a short bike ride away from the Newnham campus, and a short walk from the CBD, on the site of the historic rail yards at Inveresk.

Launceston is famed for the picturesque Cataract Gorge, where you can go walking, rock climbing, or abseiling. The city is also known for fantastic food and wine, including Tamar Valley wineries, and the annual Festivale: Launceston's food, music, and wine festival.

Cataract Gorge Reserve, Launceston

Understanding University of Tasmania unit codes

KPA210 Plants of Tasmania
KPA Discipline area (Biodiversity)
2 Year level (second year unit)

The University of Tasmania uses a percentage point weighting system for its units. A full-time enrolment for one semester is 50% weight. Most semester-long units are weighted at 12.5% each, and a full-time enrolment for a semester is four units (or 50%).

To gain credit at your home university for University of Tasmania units, liaise with your academic advisor.

"Studying at the University of Tasmania has been a life-changing experience, and everyone in Hobart has been extremely kind and welcoming.

The sunsets in Tasmania are amazing, the local food and drinks are delicious, and the friends I have made will always be an extremely important part of my life."

FIELD TRIP UNITS TAKE YOUR LEARNING OUTDOORS

Many University of Tasmania units include field trips to breathtakingly beautiful locations within our unique region.

Earth, Climate and Life

Code KGA204
Semester 1
Location Mt Wellington
(Hobart),
Mt Barrow
(Launceston)

You will learn about
Tasmanian flora, fauna,
and landscapes.

Geographies of Island Places

Code KGA318
Semester 1
Location Hobart
Bruny Island

A three-day field trip to
Bruny Island provides crucial
training in field techniques in
human geography.

Landscape Evolution and Geoheritage Conservation

Code KGA327
Semester 1
Location Hobart,
Launceston

The three-day field excursion
will be located in the north
of Tasmania, and campsite
accommodation will be
provided on private land.

Animal Production Systems

Code KLA220
Semester 1
Location Hobart

Excursion to a commercial
sheep, beef, dairy, or mixed
farm to enable students to
interact with well-established
livestock farmers in Tasmania.

FAST FACT

This is just a selection
of field trip units.
Additional popular units
with field trips are listed
on pages 15-19 and
marked with a red star.

Plants of Tasmania

Code KPA210
Semester 2
Location Mt Wellington
(Hobart)

A comprehensive introduction to the diversity of plants in Tasmania.

Field Botany

Code KPZ301
Semester Spring school
Location Hobart
Mt Field and
Southwest
National Parks

The first five days of the unit are based in spectacular National Parks. You will experience the major natural vegetation communities in Tasmania and the key processes shaping them.

Marine Ecology

Code KSM308
Semester 1
Location Hobart
Maria Island

Field trip over the Easter break to complete a high-level research project

Wilderness and Natural Environment

Code FFA271
Semester 2
Location Launceston

Through field trips, students will explore methods of articulating the concept of wilderness build narratives of sites that respond to histories, encounters, and traces.

Bruny Island

SPECIAL PROGRAMS TO MAKE YOUR STUDY EXPERIENCE UNIQUE

The University of Tasmania English Language Centre

If you do not meet the English requirements for direct entry into the University of Tasmania units, you can choose to join our Access-English Direct Entry program taught by fully-qualified, highly-committed teachers in the English Language Centre.

The English Language Centre is located at both the Hobart and Launceston campuses. You have full access to University services and the discount benefits available to other University students for transport, accommodation, recreation, tourist attractions, and the gym.

For more information on the University of Tasmania Direct Access Program visit: utas.edu.au/international/studying/english-language-courses/direct-entry-english-programs

If you are interested in studying General English only, please visit: utas.edu.au/international/studying/english-language-courses/utasaccess-english

FAST FACT

We have the cleanest air in the world and our rainwater is so pure it has been shipped to Australian Olympic athletes overseas.

Sustainability Integration Program for Students

Help the University of Tasmania contribute to the United Nations Sustainable Development Goals and earn credit towards your course at the same time by joining the Sustainability Integration Program for Students (SIPS). SIPS is an award-winning sustainability program run by the University. Get involved in addressing sustainability challenges in several ways:

- teacher-directed in-class activities
- student-directed in-class assignments
- research projects (at all levels)
- internship placements.

utas.edu.au/infrastructureservices-development/sustainability/SIPS

STUDENT LIFE

- Student support services
- International Student Advisors (ISAs)
- Careers Advisers
- Learning development and language support
- Peer Assisted Study Sessions (PASS)
- I-PREP work preparation program
- Vice-Chancellor's Leadership Program
- 24-hour library access
- Events including free public lectures and film screenings
- Tasmania University Union (TUU)
- UniGym and sports teams
- University Security Service
- UTASLife – facebook.com/UTASLife
- Spiritual and pastoral care
- Support for health conditions and disability
- Personal counselling

"I chose to study at the University of Tasmania because my home university is in a busy city with lots of people, and I wanted to study surrounded by nature. As soon as I arrived here, all I could see was beautiful scenery and unique animals that I had never seen before. The University of Tasmania is the best place for me to study, with supportive teachers and friends, and the opportunity to learn new skills surrounded by nature."

Rie Niwa, Japan

COST OF LIVING

Study abroad tuition fees*

A\$9200 for 4 units
(maximum enrolment per semester)*

A\$6900 for 3 units
(minimum enrolment per semester)*

Additional exchange and study abroad costs

Although exchange students do not pay tuition fees to the University of Tasmania, both exchange and study abroad students are required to have funding available to cover the following:

- accommodation
- flights
- general cost of living
- student visa application fee
- Overseas Student Health Cover (OSHC).

All exchange and study abroad students will have access to dedicated staff to assist throughout the entire application process, from first enquiry through to enrolment. Included is a comprehensive orientation prior to classes commencing.

All students arriving on a student visa in Australia must show they have OSHC. The University of Tasmania provides cover through Medibank Private which can be purchased during the acceptance stage of your offer to study at the University of Tasmania, and will cover the full length of your student visa.

The current rates for OSHC will be included in your Letter of Offer.

Living costs

The following is a rough guide to living costs for international students living in Tasmania (in Australian dollars). Of course, these will vary depending on your preferred standard of living and where you choose to live.

Accommodation

- Hostels and guesthouses: \$90 to \$150 per week.
- Shared rental: \$85 to \$215 per week.
- Single rental: \$150 to \$300 per week.
- On-campus: \$165 to \$236 per week.
- Off-campus: (university managed): \$165 to \$420 per week.

Living expenses**

The costs below are an approximate guide only. Students should be aware these costs can vary depending on study location.

- Groceries and eating out: \$80–\$280 per week.
- Electricity and utilities: \$35–\$140 per week.
- Phone and Internet: \$20–\$55 per week.
- Public transport: \$15–\$55 per week.
- Car (after purchase): \$150–\$260 per week.
- Entertainment, sport, personal care: \$60–\$150 per week.
- Study expenses (books, photocopying, stationery etc.): approx. \$1000 per annum.

*The quoted tuition fee is indicative only and subject to change. **University of Tasmania Accommodation Services; studyinaustralia.gov.au; Tasmanian service providers; September, 2017. The Australian Government provides information on living costs in Australia for students and we strongly recommend you consult their website for further and most up-to-date details at studyinaustralia.gov.au/global/live-in-australia/living-costs.

ACCOMMODATION OPTIONS

Arranging accommodation

You need to make your own arrangements for accommodation and ensure you have somewhere to stay for when you first arrive in Tasmania.

If you want to apply for on-campus accommodation, you should apply as early as possible — at least three months before you arrive.

If you are interested in shared or private rental housing, it is usually better to wait until you arrive in Tasmania but at the same time have some temporary accommodation arranged for your arrival.

Some temporary accommodation options are listed on the airport pickup form [utas.edu.au/ international-support/ forms/airport-pickuprequest](https://utas.edu.au/international-support/forms/airport-pickuprequest) and the Discover Tasmania website discovertasmania.com.au/where-to-stay

HOW TO APPLY

1

Contact your home university or agent

Determine if you are a study abroad or exchange student and check that you meet entry requirements (refer to utas.edu.au/global-engagement/student-mobility/inbound/getting-started).

2

Choose your units

Choose your units (subjects) at utas.edu.au/courses/unit-search

Things to check:

- ✓ Make sure you meet any prerequisite.
- ✓ Units are offered at the right campus and semester for you.
- ✓ Include a minimum of 6 unit choices per semester.

3

Submit your application

Complete the online application at utas.edu.au/international/applying/how-to-apply/study-abroad-and-exchange

If you are applying through a University of Tasmania authorised overseas agent, they will assist you with the online application.

Ensure that you attach all supporting documentation required.

4

Accept your offer

Once you have received your offer, you will need to accept it, pay any relevant fees, and then you will receive the immigration documents necessary to apply for your visa.

For detailed information on visa requirements, how to apply, and related issues visit, border.gov.au

You will receive an electronic Confirmation of Enrolment (eCoE), which is needed to apply for a student visa.

5

Next steps

Now you can book your flights, request your free airport pickup (utas.edu.au/students/internationalstudents/airport-pickup-request) and research things to do in Tasmania.

Deadlines

Semester 1 (February to June)

31 October the year before.

Semester 2 (July to November)

30 April the same year.
